

PUBG Mobile Ban Appeal

Hello PUBG Mobile Support,

I hope you're doing well. I am writing to appeal a 10-year ban on my PUBG Mobile account.

My account was banned on September 6, 2022, around 20:30 (UTC+5) with the reason "modifying game code or data."

I would like to clarify that I never used any cheats or illegal tools. The only thing I had on my device was an iPhone visual theme (UI appearance), which might have been mistakenly detected by the anti-cheat system. It did not provide any gameplay advantage or affect the game's functionality.

I respectfully request that you review my account once again. I am a fair player and have always followed the rules. Im ready to remove anything questionable and fully comply with PUBG Mobiles terms of service.

Here are my details:

- PUBG Mobile Name: REKET
- PUBG Mobile ID: 51471898787
- Ban Date: September 6, 2022
- Device: Redmi Note 9 Pro, MIUI Global 12.0.3
- Region: Uzbekistan

Thank you very much for your time and understanding. I hope to be given another chance.
